

REMARKS

Enclosed herewith is a new set of formal drawings including the missing drawing sheet 7/10 containing Figs. 10 and 11.

Applicants believe that the addition of drawing sheet 7/10 does not constitute new matter in that the Utility Patent Application Transmittal letter accompanying this application (copy enclosed) included an incorporation by reference of the "entire disclosure of the prior application" in accordance with MPEP §608.01(p).I.B., and the disclosure of disclosure of the prior application included drawing sheet 7/10.

When the Examiner takes this case up for examination, it is respectfully requested that this Second Preliminary Amendment be taken into consideration.

Respectfully submitted,
